## Summary

Dynamic and detail-oriented software developer with over 5 years of experience in building robust applications and microservices. Proficient in a range of technologies with a strong emphasis on Node.js and its ecosystem. Passionate about crafting scalable solutions and optimizing performance through innovative approaches. Adept at collaborating with cross-functional teams to deliver high-quality products that exceed client expectations.

---

## Experience

### Software Engineer

**Tech Innovations Inc.** | Anthonymouth, UK

*June 2020 - Present*

- **Lead Developer** on the **API Gateway** project, enhancing the system's performance by 30% through the implementation of efficient microservices architecture.
- Collaborated with a team of 5 to develop a **Mobile App** that achieved over 10,000 downloads within the first month of launch.
- Improved application reliability by 25% through rigorous testing and deployment strategies using Docker and Kubernetes.
- **Key Technologies:** Node.js (Expert), Microservices (Intermediate), Docker (Intermediate), Kubernetes (Intermediate).

## Full Stack Developer

**Web Solutions Ltd.** | Anthonymouth, UK

*January 2018 - May 2020*

- Developed an **E-commerce Platform** that increased client sales by 40% in the first quarter post-launch, utilizing Django for backend development and React for a responsive UI.
  - Wrote RESTful APIs to integrate various services, significantly improving data interchange and processing speed.
  - Contributed to code reviews and team knowledge-sharing sessions, fostering a culture of continuous improvement.
  - **Key Technologies:** Django (Intermediate), React (Intermediate), MongoDB (Intermediate).
- 

## Skills

- **Node.js:** Expert
  - **Microservices:** Intermediate
  - **Django:** Intermediate
  - **React:** Intermediate
  - **MongoDB:** Intermediate
- 

## Projects

- **API Gateway:** Designed and implemented a robust API Gateway for managing requests to multiple microservices, resulting in a 30% performance improvement.
  - **Mobile App:** Developed a cross-platform mobile application that received high user ratings and garnered over 10,000 downloads upon release.
  - **E-commerce Platform:** Collaborated on a full-stack web application that improved user engagement and sales metrics for the client.
-

## Certifications

- **AWS Certified Solutions Architect**
  - **Docker Certified Associate**
  - **Certified Kubernetes Administrator**
- 

## Education

### Bachelor of Science in Computer Science

**University of Anthonymouth** | Anthonymouth, UK

*Graduated: May 2017*

- Graduated with Honors, focusing on software development and cloud computing.
  - Completed a capstone project on scalable web applications, which received recognition from faculty for its innovative approach.
- 

## Additional Information

- **Languages:** Fluent in English and Spanish.
- **Interests:** Passionate about open-source contributions, tech blogging, and attending hackathons to stay updated with industry trends.
