Summary

Innovative and results-driven software developer with over 5 years of experience in building robust web applications and machine learning solutions. Proficient in various programming languages and frameworks with a passion for developing scalable and efficient software. Demonstrated ability to lead projects from conception to completion while collaborating effectively with cross-functional teams. Seeking to leverage my expertise in FastAPI and machine learning to contribute to impactful projects.

Experience

Software Engineer

Tech Innovations Inc., Sarahview

March 2021 - Present - Developed and maintained a **Machine Learning Pipeline** that increased data processing efficiency by 30%, utilizing Python and advanced machine learning techniques. - Led the design and implementation of a **Web Application** using **FastAPI** and **React**, which improved user engagement by 40%. - Implemented CI/CD processes using **Kubernetes** and **Git** to streamline deployment, reducing release times by 50%.

Full Stack Developer

Creative Solutions Ltd., Sarahview

June 2018 - February 2021 - Engineered a dynamic **E-commerce Platform** that supported over 10,000 daily transactions, utilizing **Node.js**, **MySQL**, and **React**. - Collaborated with UX designers to enhance user interfaces, resulting in a 25%

increase in customer satisfaction ratings. - Worked on a **Mobile App** project aimed at improving customer service, leading to a 15% increase in repeat customer rates.

Skills

- **Machine Learning:** Advanced
 - **FastAPI:** Expert
 - **React:** Advanced
 - **C++:** Advanced
 - **Node.js:** Advanced
 - **Flask:** Intermediate
 - **Kubernetes:** Intermediate
 - **MySQL:** Advanced
 - **Git:** Advanced
 - **Django:** Intermediate
 - **TypeScript:** Advanced
 - **Microservices:** Intermediate
-

Projects

- **Machine Learning Pipeline:** Developed a robust pipeline that automated data cleaning and model training processes, which reduced the time from data acquisition to model deployment by 60%.
 - **Web Application:** Designed a multi-user web application with real-time data visualization using **React** and **FastAPI**, catering to over 1,000 active users.
 - **Mobile App:** Created a user-friendly mobile application utilizing **React Native** that streamlined customer interactions and improved service efficiency.
 - **E-commerce Platform:** Spearheaded the development of a full-stack e-commerce solution, integrating advanced payment systems and analytics, resulting in a 35% increase in sales year over year.
-

Education

Bachelor of Science in Computer Science

Sarahview University

Graduated: May 2018

Certifications

- Certified Machine Learning Specialist - *Machine Learning Academy* (2021)
 - Advanced React Developer - *React Institute* (2020)
 - Full Stack Development Certification - *Tech Certification Hub* (2019)
-

Personal Interests

In addition to my professional pursuits, I enjoy contributing to open-source machine learning projects and participating in hackathons. I am also passionate about mentoring aspiring developers and sharing knowledge through community workshops.
